

PRO INDUSTRIAL

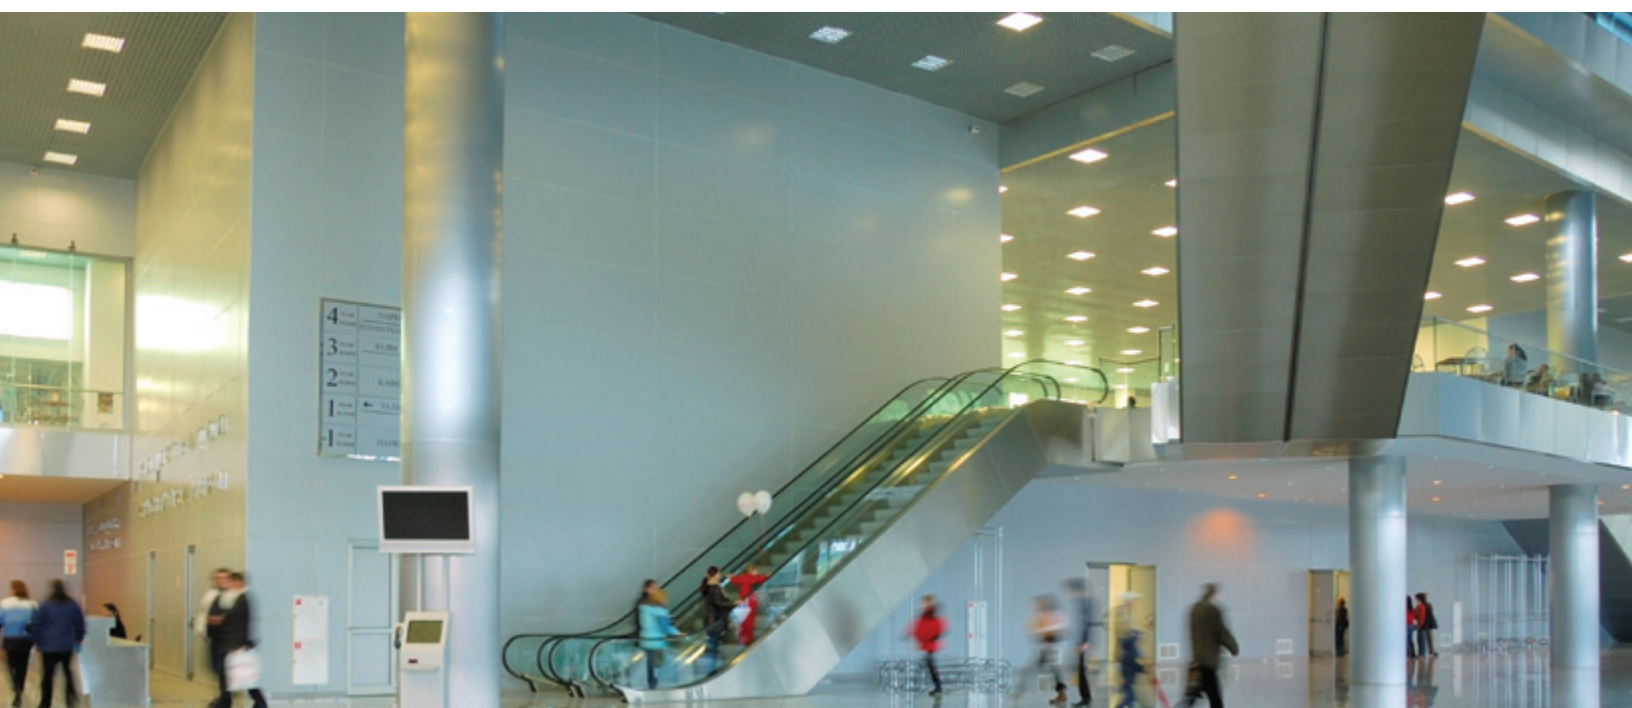

HIGH-PERFORMANCE COATINGS

FOR COMMERCIAL SPACES.

FOR PROVEN COATING SOLUTIONS
THAT MEET PERFORMANCE, AESTHETIC
AND ENVIRONMENTAL REQUIREMENTS

—JUST ASK.

No matter what structure or substrate you're coating, Sherwin-Williams Pro Industrial high-performance commercial coatings ensure superior durability and lasting aesthetics. Our innovative technologies have produced a line of coatings designed to withstand the harsh conditions of busy commercial and institutional environments. And, every product is backed by Sherwin-Williams' 145 years of experience, the support of 1,400 field reps and 3,300 Sherwin-Williams stores offering local service and quick access to products.

We've made it easy for you to understand the key features and benefits of all our Pro Industrial products.

The charts on the following pages organize the product information in different ways. This brochure will help you answer the questions:

- ✓ What products are available?
- ✓ What are the performance attributes?
- ✓ Which coating is best suited for my project?
- ✓ What if I have a highly specialized use?

TOOL THAT WORKS
BEST FOR YOU.**

PRODUCTS

	 ZERO VOC CATALYZED ACRYLIC EPOXY* B73-300 Series	 ZERO VOC ACRYLIC* B66-600 Series	 PRE-CATALYZED WATER BASED EPOXY K45, K46 Series	 HI-BILD WATER BASED CATALYZED EPOXY B71-100 Series	 HIGH-PERFORMANCE EPOXY B67-200 Series	 URETHANE ALKYD ENAMEL B54-150 Series	 MULTI-SURFACE ACRYLIC B66-500 Series	 PRO-CRYL® UNIVERSAL ACRYLIC PRIMER B66-310 Series	 ANTI-GRAFFITI COATING B97C150																																																																																																																																																																																
DESCRIPTION	Environmentally responsible, extremely durable multi-use coating	Environmentally responsible, easy-to-use coating for commercial spaces	Advanced toughness and durability in a single-component coating	Advanced toughness and durability in one coat	Unsurpassed durability and chemical resistance	General purpose maintenance enamel	Surface-tolerant utility coating with superior stain blocking properties	Versatile high-performance metal primer	Repels graffiti for fast and easy removal																																																																																																																																																																																
FEATURES	- Extremely hard and tough coating - Superior corrosion resistance direct-to-metal - Strong chemical resistance - Flows and levels to a smooth finish - Very low odor - High-performance, advanced technology - Highly stain resistant	- Superior stain resistance - Superior exterior color and gloss retention - Flows and levels to a silky smooth finish - Effortless application by brush, roll or spray - Fast dry - Virtually odorless	- Enhanced performance, single-component convenience - Resistant to most commercial cleaners - Excellent stain blocking properties - Flows and levels to a smooth finish - Effortless application by brush, roll or spray	- Uniquely high film build eliminates the need for a second coat - Superior filling properties, ideal for block walls - Fills and hides minor surface imperfections - Resistant to commercial cleaners and mild chemicals - Low odor	- Extremely hard and tough coating - Resistant to most industrial chemicals - Direct-to-metal with excellent corrosion resistance - Withstands harsh industrial environments - High solids, high build coating	- Fortified with urethane resin for durability and flexibility - Good exterior color and gloss retention - High solids, high build for increased productivity - Flows and levels to a smooth finish	- Self-priming directly to multiple surfaces - Excellent one-coat hide and stain blocking - Excellent adhesion to slick and glossy surfaces - Good exterior color and gloss retention - Dries fast with dry fall properties - Optimized for spray application	- Advanced technology rust inhibitive primer - Multi-purpose primer for steel and most other metal surfaces - Accepts catalyzed and non-catalyzed topcoats - Excellent stain blocking properties - Low odor, waterborne formula - Fast dry	- Non-stick coating prevents graffiti from adhering - Easy graffiti removal by pressure washing or hand cleaning - High build, one coat application - Applies directly to concrete, brick and painted surfaces - Long-term protection against repeated graffiti attacks

¹Ability of coating to cover and hide existing stains on the substrate.

²Ability of coating to resist becoming stained by coffee, ink, ketchup, oil, etc.

³Degree to which two painted surfaces resist sticking together, such as a door and a door frame.

SPECIFICATION

HIGH TRAFFIC AREAS

Specific Applications:

Schools, Commercial Hallways & Corridors,
Airport Terminals, Transit Stations,
Gymnasiums & Sports Venues, Theaters &
Auditoriums, Locker Rooms, Correctional
Facilities, and Light Manufacturing Facilities.

These areas require systems that provide:

- ✓ An extremely hard and tough coating
- ✓ High abrasion resistance
- ✓ Superior stain resistance
- ✓ Resistance to commercial cleaning solutions
- ✓ A smooth finish
- ✓ Very low odor

HIGH EXPOSURE AREAS

Specific Applications:

Commercial Kitchens, Laboratories,
Chemical Storage Areas, Shower & Wash
Rooms, Manufacturing/Processing Plants,
Public Restrooms, Laundry Facilities, Animal
Clinics and Indoor Pool Areas

These areas require systems that provide:

- ✓ Heavy-duty protection
- ✓ Resistance to harsh environments
- ✓ A high-performance coating that's resistant to commercial chemicals
- ✓ Excellent corrosion resistance
- ✓ Resistance to repeated washing and cleaning
- ✓ Superior moisture resistance

Contact your Sherwin-Williams representative for additional high-performance coating solutions for your specific application.

SPECIALTY

Anti-Graffiti Coating

Sherwin-Williams Anti-Graffiti Coating creates a clear, non-stick surface that allows graffiti to be easily removed with pressure washing or hand washing. No chemicals. No solvents. No headaches. And unlike sacrificial paints that require repeated applications, Sherwin-Williams Anti-Graffiti Coating has a service life of 10 to 15 years. Sherwin-Williams Anti-Graffiti Coating protects your facility and delivers long-term savings.

- ✓ Graffiti washes away easily
- ✓ Covers in one coat and dries fast
- ✓ Can be applied with brush, roller or airless sprayer
- ✓ Excellent on concrete, steel and previously painted surfaces

Stampede™ High-Performance Polyurethane Sealants

From window frames and concrete driveways to plastics and steel to horizontal joints, there's a Stampede product for virtually every sealant and caulking application. Stampede sealants withstand harsh weather, joint movement, abrasion and chemicals. And while they may be tough, they're easy on nature, and many carry our GreenSure® designation for high-performance and low environmental impact.

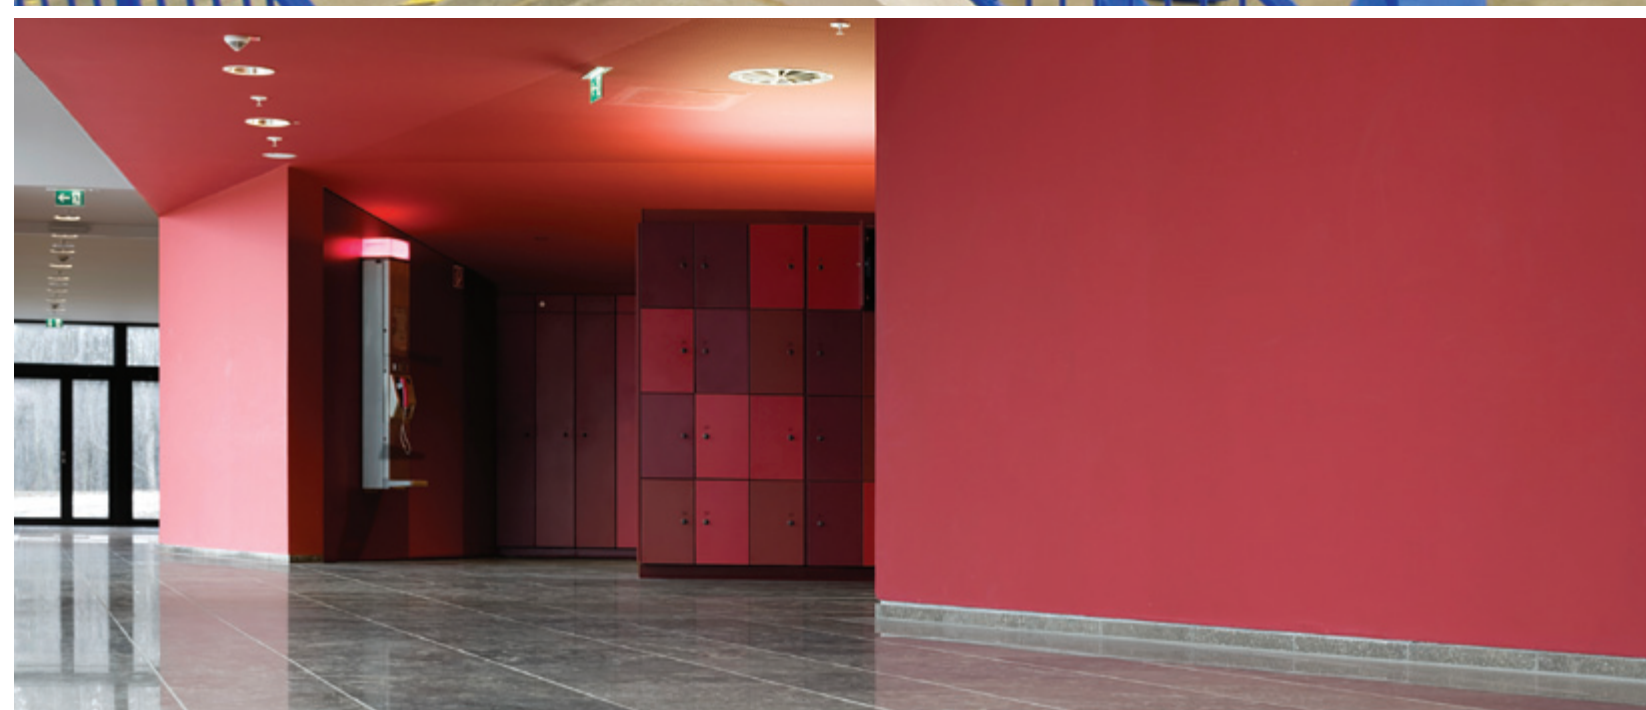

- ✓ High-performance sealants for commercial buildings
- ✓ Available in 7 different formulations
- ✓ Available in a variety of colors
- ✓ Versatile

ArmorSeal® High-Performance Floor Coatings

If you're looking for a high-performance flooring system that can stand up to harsh chemicals, abrasion and impact, look no further than ArmorSeal. Our heavy-duty systems have passed the test in the harshest environments – from industry to food service to aircraft hangars and beyond. With seven different ArmorSeal systems, we have the solution that is tailored to meet your specific needs.

- ✓ Epoxy and polyurethane industrial floor coatings
- ✓ Wide range of colors, including Clear
- ✓ Superior color and gloss retention
- ✓ Outstanding durability

For high-performance coatings, just ask.

Selection. Innovation. Performance. Durability. Dependability. Sherwin-Williams has it all covered with the Pro Industrial line of high-performance coatings. We're with you every step of the way with great products, specification assistance, application advice and just-in-time availability and delivery. You can depend on us for the efficiency, professionalism and profitability you expect. See your local Sherwin-Williams store or representative, or call 800-524-5979 to have a representative contact you.
