INTERIOR

EXTERIOR

SPECIALTY

Your single-source supplier for all the solutions that keep the needs of healthcare facilities covered.

- A wide range of high-performance coating systems for walls, floors, roofs and concrete surfaces.
- Coating options that meet the most stringent VOC regulations.
- Product innovations like Dry Erase Clear Coating — turns most any wall into a dry erase board; TuffWall™ Texture Finish easily applied for a knockdown, splatter or orange peel texture; and Pro Industrial® Anti-Graffiti Coating for easy graffiti removal.
- All latex and water-based paints are tinted with ColorCast Ecotoner® colorants, which do not add to the VOC content and won't compromise the thickness or coverage of the paint. Only Sherwin-Williams has color formulas calibrated specifically for every product and every sheen to provide outstanding color accuracy and vibrancy.
- Heavy-duty floor coatings and decorative systems including terrazzo.
- Wallcovering collections are available in popular styles and colors.
- From carpet and vinyl to tile and ceramic, a wide selection of flooring is available with fast, professional installation.
- Color design services to help create a comfortable environment. Computer photo imaging for easier exterior color selection.
- Applicators, tools and equipment to get the job done right.
- Exclusive Sher-Color™ computerized color matching for quick, accurate matches in any sheen. Formulas archived for 6 years for color consistency.
- With 3,500 stores and 1,800 representatives, we provide fast, local service and onsite assistance. Products are readily available at Sherwin-Williams stores every day.
- Your Sherwin-Williams representative can provide a Custodian™ Report detailing all of your products and colors for easy future maintenance.
- Centralized account management and national account teams offer customized solutions that can help standardize purchases, stabilize costs, simplify processes and maximize supply chain efficiencies.
- Sign up on myS-W.com to manage your account online. Access your balances, make payments, set communication preferences and save your favorite products, colors and more.
- Savings every day to every pro with ProDiscounts™. Save 15% off list price on painting supplies; 20% off list price on case lot quantities on over 150 popular items and volume pricing on paints and coatings with your Sherwin-Williams pro account.

We can help you standardize purchases, stabilize costs, consolidate orders and directly source your products. We own our own manufacturing and distribution facilities, stores and transportation fleet, which means our buying power and resources ensure you get the best value and complete consistency. We have been serving the professional market since 1866. No other company is better trained or better prepared to assist you. Just ask Sherwin-Williams.

Sherwin-Williams provides a full range of coating solutions to protect and beautify every area of your healthcare facility. Your local Sherwin-Williams representative can assist in developing specifications for your performance, budget, deadline and VOC requirements.

Interior Finishes

A Harmony® Zero VOC Interior Acrylic Latex
Contains odor eliminating technology to reduce common indoor odors and help rooms stay fresher longer. Delivers very good hide and withstands frequent washings. Anti-microbial agents resist mildew formation on the paint surface. Formaldehyde reducing technology in the flat and eggshell helps promote better indoor air quality by reducing VOCs from possible sources like insulation, carpet, cabinets and fabrics. Has achieved GREENGUARD GOLD Certification.*

B Emerald™ Interior Acrylic Latex
A breakthrough product that showcases our commitment to innovation and quality. Our finest interior paint, Emerald delivers truly remarkable hide, washability and application. Emerald also features excellent stain, block, water spotting and burnish resistance for premium performance and luxurious, long-lasting beauty. Has achieved GREENGUARD GOLD Certification.*

C ProMar® 200 Zero VOC Interior Latex
The first complete professional line that not only has zero VOCs, but is also available in four sheens and all colors including accents. Delivers excellent durability, hide and touch-up. Meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*

D ProClassic® Enamels
Exceptional adhesion, excellent flow and leveling, non-yellowing and a unique wet and dry hide make ProClassic an excellent choice for doors and trim, cabinets and furniture. ProClassic Enamels feature all the benefits of waterbased enamels without sacrificing adhesion, durability and block resistance.

E Dry Erase Coating
Allows you to turn any wall into a dry erase board without sacrificing the wall's original color. Dries to a smooth, clear gloss surface that is non-yellowing, with no ghosting or shadowing. Has achieved GREENGUARD GOLD Certification.*

High Performance Finishes

F Pro Industrial® Water Based Catalyzed Epoxy
High-performance coating that is extremely hard and tough with exceptional resistance to abrasion, impact, corrosion, chemicals, stains, scrubbing and blocking. Flows and levels to a smooth finish and meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*

G Pro Industrial® Acrylic Coating
Easy-to-apply coating for commercial spaces. This high-performance acrylic is for interior or exterior use. It has exceptional stain and corrosion resistance, is fast drying, flows and levels to a smooth finish and meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*

H Pro Industrial® Pre-Catalyzed Water Based Epoxy
Advanced toughness and durability in a single-component coating. It is resistant to most commercial cleaners and has excellent stain blocking properties. Flows and levels to a smooth finish with effortless application and meets the most stringent VOC regulations.

I Pro Industrial® Urethane Alkyd Enamel
A general-purpose maintenance enamel fortified with urethane resin for durability and flexibility. It provides good exterior color and gloss retention and flows and levels to a smooth finish. It has excellent stain resistance and stain blocking properties.

Exterior Finishes

J Emerald™ Exterior Acrylic Latex
The latest breakthrough in paint technology from Sherwin-Williams, offering premium performance that stands the test of time. Featuring rugged resistance to blistering, peeling, chalking, fading and dirt pickup, beauty for a truly outstanding finish. Emerald is self-priming and can be applied in temperatures down to 35°F. Emerald delivers innovative durability, hide and beauty for a truly outstanding finish.

K Loxon XP® Masonry Coating
This direct-to-concrete and masonry high build coating offers maximum performance in one less coat, with no need for priming. Using proprietary technology, Loxon XP goes on thick to provide exceptional resistance to alkali, efflorescence and wind-driven rain. Meets the most stringent VOC regulations.

Floor Coatings

L ArmorSeal® Floor Coatings
A broad range of epoxies, urethanes, primers and patches for light to heavy traffic areas combining both aesthetic appeal and high performance.

M UltraCrete Texture Coating
Provides an attractive, economical textured finish for masonry substrates, and is especially good for adding interest to tilt-up surfaces. The spray-on formula minimizes surface irregularities and imperfections for an attractive final appearance that lasts.

N General Polymers® Terrazzo
Terrazzo is comprised of a matrix material used to bond the flooring to the substrate, as well as bond a variety of aggregates within the floor. The design of the floor can mix and match several terrazzo matrix colors and aggregate selections to complete this unique flooring surface, customized for each installation.

O General Polymers® SofTop™ Flooring System
A seamless, resilient flooring system that is aesthetically pleasing, with a wide variety of color and design options. Combines elastomeric epoxy with colored rubber aggregate for ergonomic comfort and noise reduction versus other traditional hard-surface floor systems.

P General Polymers® FasTop™ Flooring System
Designed for fast installation, quick return to service and long-lasting performance. Cures rapidly with excellent chemical resistance and is moisture-tolerant during and after installation. Combines waterbased urethane resins with cement and unique aggregates for tough environments.

Q General Polymers® Ceramic Carpet Flooring
Colored quartz blended with clear resin for a truly unique style. Durable, easy to clean with chemical, stain and skid resistance. Available in a wide variety of color blends and custom textures.

Virtually all products impact the environment, but high-performance products with this Sherwin-Williams designation were designed and manufactured taking steps to reduce environmental impact and to meet or exceed the most stringent regulatory requirements. For details on what steps we've taken, visit svggreensure.com.

*GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.

WALL PROTECTION SYSTEMS

With the high traffic and demanding conditions of many facilities, you need some of the most durable and trusted wall protection applications available! Whether it's protective wallcovering to preserve the lifetime of the walls or a handrail to assist individuals down a corridor, Korogard®'s family of products has been designed to offer the solutions you need to care for your guests and your walls!

UNIFLEX® ROOF COATINGS

Designed to protect original roof systems and help extend the building's life cycle. With up to 90% reflectivity, surface temperatures are reduced resulting in decreased cooling costs and energy savings.

PARKING GARAGE

Sherwin-Williams offers a wide range of products engineered to stand up to the harsh conditions unique to parking structures including:

- Water repellents
- Concrete stains
- Epoxy injections
- Urethane Deck Systems

SEALANTS

A variety of sealants for maximum performance and flexibility are available including SHER-MAX™, White Lightning™ Polyurethane and Flame Buster™.
