WALL COATINGS

ROOFS/EXTERIORS

FLOORING SYSTEMS

Your single-source supplier for all the solutions that keep the needs of the hospitality market covered.

- A wide range of high-performance coating systems for walls, floors, roofs and concrete surfaces.
- Coating options that meet the most stringent VOC regulations.
- Product innovations like Dry Erase Clear Coating — turns most any wall into a dry erase board; TuffWall™ Texture Finish easily applied for a knockdown, splatter or orange peel texture; and Pro Industrial® Anti-Graffiti Coating for easy graffiti removal.
- All latex and water-based paints are tinted with ColorCast Ecotoner® colorants, which do not add to the VOC content and won't compromise the thickness or coverage of the paint. Only Sherwin-Williams has color formulas calibrated specifically for every product and every sheen to provide outstanding color accuracy and vibrancy.
- Heavy-duty floor coatings and decorative systems including terrazzo.
- Wallcovering collections are available in popular styles and colors.
- From carpet and vinyl to tile and ceramic, a wide selection of flooring is available with fast, professional installation.
- Applicators, tools and equipment to get the job done right.
- Color design services help create an inviting and appealing environment to attract guests and help you stay competitive. Computer photo imaging for easier exterior color selection.
- Exclusive Sher-Color™ computerized color matching for quick, accurate matches in any sheen. Formulas archived for 6 years for color consistency.
- With 3,500 stores and 1,800 representatives, we provide fast, local service and onsite assistance. Products are readily available at Sherwin-Williams stores every day.
- Your Sherwin-Williams representative can provide a Custodian™ Report detailing all of your products and colors for easy future maintenance.
- Centralized account management and national account teams offer customized solutions that can help standardize purchases, stabilize costs, simplify processes and maximize supply chain efficiencies.
- Sign up on myS-W.com to manage your account online. Access your balances, make payments, set communication preferences and save your favorite products, colors and more.
- Savings every day to every pro with ProDiscounts™. Save 15% off list price on painting supplies; 20% off list price on case lot quantities on over 150 popular items and volume pricing on paints and coatings with your Sherwin-Williams pro account.

We can help you standardize purchases, stabilize costs, consolidate orders and directly source your products. We own our own manufacturing and distribution facilities, stores and transportation fleet, which means our buying power and resources ensure you get the best value and complete consistency. We have been serving the professional market since 1866. No other company is better trained or better prepared to assist you. Just ask Sherwin-Williams.

Sherwin-Williams provides a full range of coating solutions to protect and beautify every area of your hospitality facility. Your local Sherwin-Williams representative can assist in developing specifications for your performance, budget, deadline and VOC requirements.

Interior Finishes

- A Duration Home® Interior Acrylic Latex**
Features exclusive cross-linking technology for true washability and allows most stains to wipe away easily with water. Offers excellent hide and touch-up and contains anti-microbial agents to resist mildew formation on the paint film. Available in all colors including bold, vivid accents.

- B Harmony® Zero VOC Interior Acrylic Latex**
Contains odor eliminating technology to reduce common indoor odors and help rooms stay fresher longer. Delivers very good hide and withstands frequent washings. Anti-microbial agents resist mildew formation on the paint surface. Formaldehyde reducing technology in the flat and eggshell helps promote better indoor air quality by reducing VOCs from possible sources like insulation, carpet, cabinets and fabrics. Has achieved GREENGUARD GOLD Certification.*

- C ProMar® 200 Zero VOC Interior Latex**
The first complete professional line that not only has zero VOCs, but is also available in four sheens and all colors including accents. Delivers excellent durability, hide and touch-up. Meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*

- D ProClassic® Enamels**
Exceptional adhesion, excellent flow and leveling, non-yellowing and a unique wet and dry hide makes ProClassic an excellent choice for doors and trim, cabinets and furniture. ProClassic Enamels feature all the benefits of waterbased enamels without sacrificing adhesion, durability and block resistance.

- E WoodClassics® Interior Wood Finishing System**
A complete system of quality stains, sealers and varnishes providing an ultimate rich appearance in a wide color range. Fast dry, but with sufficient open time, means the job can get done in a day with these superior, versatile finishes.

- F TuffWall™ Premium Texture Finish**
Easily applied with airless and conventional texture spray equipment, delivering an appealing knockdown, splatter or orange peel texture. Practical, durable, and attractive, TuffWall stays where it's sprayed to hide imperfections, saving you time and money and providing long-lasting beauty.

High Performance Finishes

- G Pro Industrial® Water Based Catalyzed Epoxy**
High-performance coating that is extremely hard and tough with exceptional resistance to abrasion, impact, corrosion, chemicals, stains, scrubbing and blocking. Flows and levels to a smooth finish and meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*

- H Pro Industrial® Acrylic Coating**
Easy-to-apply coating for commercial spaces. This high performance acrylic is for interior or exterior use. It has exceptional stain and corrosion resistance, is fast drying, flows and levels to a smooth finish and it meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*

- I Pro Industrial® Pre-Catalyzed Water Based Epoxy**
Advanced toughness and durability in a single-component coating. It is resistant to most commercial cleaners and has excellent stain blocking properties. Flows and levels to a smooth finish with effortless application and meets the most stringent VOC regulations.

- J Pro Industrial® High Performance Epoxy**
An extremely hard and tough coating with unsurpassed durability and chemical resistance. Apply direct-to-metal for excellent corrosion resistance. A high solids, high build coating, it has excellent scrubability and resists stains and blocking.

- K Pro Industrial® Urethane Alkyd Enamel**
A general-purpose maintenance enamel fortified with urethane resin for durability and flexibility. It provides good exterior color and gloss retention and flows and levels to a smooth finish. It has excellent stain resistance and stain blocking properties.

Exterior Finishes

- L Duration® Exterior Acrylic Coating**
Formulated with PermaLast™ technology, which results in a thick, flexible layer for excellent hide and protection from peeling and blistering. Duration provides a mildew resistant coating. It is self-priming and requires just one coat for repaints and two coats for new work.

- M Resilience® Acrylic Exterior Latex**
Provides outstanding hide and durability plus ease of application. With Resilience, the threat of rain or dew will not slow down or delay the job because it is specially formulated with MoistureGuard™ technology, which resists moisture twice as fast as standard exterior latex coatings.

- N Loxon XP® Masonry Coating**
This direct-to-concrete and masonry high build coating offers maximum performance in one less coat, with no need for priming. Using proprietary technology, Loxon XP goes on thick to provide exceptional resistance to alkali, efflorescence and wind-driven rain. Meets the most stringent VOC regulations.

- O SherCrete® Flexible Concrete Waterproofer**
A slip-resistant, breathable finish designed to protect from water intrusion. This single-component waterbased formula has fast dry times, outstanding durability and can be tinted to hundreds of colors. Use as a stand-alone product or over-coated to provide maximum performance.

Floor Coatings

- P ArmorSeal® Floor Coatings**
A broad range of epoxies, urethanes, primers and patches for light to heavy traffic areas combining both aesthetic appeal and high performance.

- Q General Polymers® FasTop™ Flooring System**
Designed for fast installation, quick return to service and long-lasting performance. Cures rapidly with excellent chemical resistance and is moisture-tolerant during and after installation. Combines waterbased urethane resins with cement and unique aggregates for tough environments.

Virtually all products impact the environment, but high-performance products with this Sherwin-Williams designation were designed and manufactured taking steps to reduce environmental impact and to meet or exceed the most stringent regulatory requirements. For details on what steps we've taken, visit swgreensure.com.

*GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.

PAVEMENT MARKINGS	
Sherwin-Williams has a complete selection of pavement marking solutions including waterborne and solvent-based coatings. Our industry-leading products provide cost-effective performance, durability, reliability and compliance.	

DECORATIVE CONCRETE - INTERIOR & EXTERIOR	
From stampable overlays and textures, color hardeners and densifiers, solid and semi-transparent stains or dyes and clear sealers, Sherwin-Williams H&O® Concrete Coatings have the solutions that stand the test of time and help you complete your design vision. With our complete portfolio of decorative concrete products for sidewalks, patios and driveways, you can be sure that we can help you meet demanding budgets, timelines, and performance requirements.	

UNIFLEX® ROOF COATINGS	
Designed to protect original roof systems and help extend the building's life cycle. With up to 90% reflectivity, surface temperatures are reduced resulting in decreased cooling costs and energy savings.	

PARKING GARAGE	
Sherwin-Williams offers a wide range of products engineered to stand up to the harsh conditions unique to parking structures including:	
• Water repellents • Concrete stains • Epoxy injections • Urethane deck systems	

FLOORING SOLUTIONS	
A wide selection of name-brand carpeting, vinyl, wood and ceramic flooring plus 24-hr turn and reliable installation.	

SEALANTS	
A variety of sealants for maximum performance and flexibility are available including SHER-MAX™, White Lightning™ Polyurethane and Flame Buster™.	

**LET SHERWIN-WILLIAMS PUT
145 YEARS OF EXPERIENCE
TO WORK FOR YOU.**

Sherwin-Williams is dedicated to giving you the answers you need and the personalized service you deserve — providing the most extensive distribution platform in the industry and products and services that help maximize performance and aesthetics, control costs, and improve application efficiencies. As your single-source supplier for coatings, supplies, flooring and wallcovering, Sherwin-Williams helps ensure that deadlines, budgets and expectations are met. On-site delivery and in-stock reliability will help you get the job done faster.
